TEST OF CONTROLLER ACT MAY ALSO DECIDE LEGALITY OF LOCAL OPTION

Same Provisions of the State Constitution Would Apply for Both Questions, Although Application is Slightly Different.

IS CONTROLLER ACT LOCAL OR SPECIAL?

Should County Auditor Clark R. Tilton carry to a finish the proceedings he has inagurated to test the constitutionality of the new act creating the county controller's office, by which John H. Moffitt, the present incumbent, was elected, he may unconsciously furnish a valuable precedent in another important question. This is whether or not a local option law, should one be enacted by the State Legislature, would be constitutional. The test of both acts comes under the same provisions of the constitution, and there are already enough precedents to warrant a belief among many prominent attorneys that a local option law would never stand the test if appealed to the highest court.

The point that Mr. Tilton makes in his writ of quo warranto against Mr. Moffitt is that the act creating the office is in conflict with Article III, Section 7, of the constitution. This is the section that limits special and local legislation, and which, when the constitution was adopted, was supposed to forever prohibit local option. The clause covering Mr. Tilton's contest would no doubt be the one which prohibits "Creating offices, or prescribing the powers and duties of offices in counties, cities, boroughs, townships, election or school districts."

The clause supposed to debar local option is one in the same section of Article III, which prohibits "Regulating the affairs of counties, cities, townships, wards, boroughs or school districts." While each is different in its application, each comes under the section prohibiting the passage of "any local or special law."

The point at issue is whether the new county controller act is a local or special law, inasmuch as it is general in its application to all counties under certain conditions. This same point will also apply to a local option measure, whether or not it is local or special, inasmuch as it appliess to localities under special conditions, although this condition in a sense is general, as it can be applied by local legislative action to all counties or parts of counties, a function denied by Governor Pennypacker, when he vetoed a measure repealing one of the special townships prohibitory acts enacted under the old constitution. This replealing act, vetoed by Governor Pennypacker, put the option of repeal up to the electors of that township. This, the Governor stated, was legislative power held only by the State Legislature, and for that reason he vetoed the repealer.

In view of the present agitation for local option, the forthcoming test of the constitutionality of the new county controller act is important. If the Supreme Court decides the act unconstitutional it is believed that the same decision will practically decide the fate of a local option measure. If the controller act stands, then local option would in all probability become possible under the provisions of the constitution. For this reason, the action of County Auditor Tilton has a double interest.

BELL TELEPHONE MEETING TODAY

District Managers in Uniontown to Attend Conference.

Eight district managers of the Bell Telephone company are meeting in Uniontown today in conference with Supt. D. J. Murphy to go over matters looking toward improvement of the service and development of the volume of business.

All the Bell Telephone companies have gone into a standard accounting system which is a complete revolution in the system keeping its accounts, and all will drop the present method and take up the new. It is necessary to give instructions on this new work and these will be outlined.

This will be the first meeting of the kind ever held in Uniontown, the previous ones having been held in Pittsburg. Uniontown is the headquartes of a division which comprises Fayette, Greene and Washington counties, Pa., and Monongalia, Marion, Preston, Taylor, Harrison, Randolph and Tucker counties, W. Va. Orders for these different places are sent out from Uniontown, and D. J. Murphy, superintendent of commercial work, is stationed there

Superintendent Frank B. Burwell of the Charleroi district is in Uniontown to attend the meeting.

At the Star Theatre.

A very unique attraction is booked for the Star Theatre tonight in the comedy sketch of man, wife and child under the team name of Rhodes, Rhodes and Winfield, entitled "We Us and Cupid." In this act he appears in two costumes in twenty-five seconds, going some, eh? Well I guess, and you will be more than interested in the general humor of the whole sketch.

Miss Violetta Gleason does a delightful singing and monologue single performance, which is considered quite novel.

Eugene Middeker will sing the song to the illustrated pictures. Biograph subjects "Nursing a Viper" and also "The Belated Wedding." These pictures are the very height of pefection. 130t1

Not a Candidate.

Although my name will appear on the Republican ticket as a Republican candidate for the nomination of justice of the peace at the primary election Saturday, I desire to inform my friends and the public generally that I am not a candidate for the nomination. My name was suggested without my knowledge or consent, and I neglected to have it withdrawn until too late.

130t2 F. P. McCloskey.

Notice.

The American Cleaning and Dyeing works of Thompson avenue, Donora, will be continued under the management of C. J. Kinney, of Steubenville, Ohio. All persons having accounts against the firm will present them for payment, at 626 Thompson avenue, Donora. 130t3

Companions of the Foresters of America No. 881 will hold their regular meeting Tuesday evening, January 25, 1910, for the installation of officers. All members are requested to be present. A lunch will be served.

WASHINGTON LABOR MAY BOYCOTT MEAT

Prevailing High Prices Responsible for Action Taken by Trades Assembly.

The Ohio boycotting scheme to bring down the extemely fancy prices on meat will probaby be adopted by the men representing organized labor in and around Washington.

The members of the Washington Central Trades Assembly which is made up of delegates from the various branches of organized labor of that community, took action along this line at a meeting held last evening and if the sentiment of the trades assembly prevails among the local unions meat will be dispensed with in a large number of Washington families for an indefinite period.

The present prices of meats and the general high cost of living came up before the assembly for discussion, and the action taken in Ohio where the people generally have risen against the meat barons was taken up at length. The matter was referred back to the local unions for action.

REV. J. H. PALMER WILL LEAVE LOCAL CHURCH FEBRUARY 1

Resignation Accepted at Congregational Meeting that Pastor May Accept Leechburg Call.

Last night at a regular business meeting of the members of the First Baptist church, Rev. Judson H. Palmer, the pastor, informally presented his resignation, and it was accepted, to take effect on February 1. Rev. Palmer will leave on that time for Leechburg, where he will take up pastorate work for the Leechburg Baptist church.

The resignation was accepted at the wish of Rev. Palmer, who feels that he has a better place in Leechburg. Many expressions of good will for him were given by members, who are loth to see him leave. The church here will secure supplies for a time, until it can get a regular pastor. It is likely that the congregation will put in an application for a seminary graduate to come here at the end of the present school year.

Well Known Belle Vernon Resident Dead at His Home

Jacob T. Roley, 75 years and 9 months old, and a well known resident of this community, died at his home in Belle Vernon last evening at 6:50 o'clock, after a few week's illness of bronchitis and heart trouble. The funeral arrangements have not been completed as yet.

The deceased is survived by his wife Hannah, and seven children, as follows: Joseph T., Anna E., Jennie and Jessie at home; William H. of Belle Vernon, formerly of Charleroi; Mrs. J. O. Brawdy of Charleroi and Mrs. C. F. Redd of Pittsburg. He has one sister and four brothers, one of the brothers being Noah Roley of Charleroi, who is now in such a state of health that the news of his brother's death cannot be told him.

Mr. Roley was one of the best known citizens of Belle Vernon. He was born in Hempfield township, Westormeland county, and lived successively in the vicinity of his home, Monongahela and Belle Vernon, going to Belle Vernon in 1854. He conducted a store there for about 20 years, and in 1874 went into the livery business. In this he was interested at the time of his death. Mr. Roley was serving his fourth term as justice of the peace at the time of his death.

Mr. and Mrs. W. C. Hepler and son of Evansville, after a visit in Charleroi with the former's brothers and sister, left last evening for their home.

DILWORTH BURNS UP

Tow Boat Totally Destroyed by Flames Yesterday at Rices Landing.

The steamboat, "H. P. Dilworth," owned by the Dilworth Coal company of Rices Landing caught fire yesterday near the coal company's tipple just below Lock No. 6, on the Monongahela river and was totally destroyed, entailing a loss approximating $30,000.

It is not known how the fire originated, but as it started in the stern of the boat near the boilers it is supposed that the flames got their start from the overheated boilers.

The boat was anchored near the big tipple at the time, but it was cut loose and drifted into the swift current of the swollen river before it sank.

The boat was used in towing barges from Rices Landing to the Pittsburg harbor.

Practically the whole population of Rices Landing and vicinity turned out to help Superintendent James Black and his employes in their efforts to extinguish the flames, or at least to hold them in check. It was only by the most strenuous work that the fire was kept from the tipple and the adjacent buildings.

CHARLEROI CHURCH LEAGUES PREPARES FOR GOOD SEASON

Meeting Called by President for February—Season Will Open Early

President Fred Cleribue of the Charleroi Church Baseball League has called a meeting February 1 at which time plans will be outlined for a bigger and better organization the coming season. Each club of last season's six club league will be requested to send at least three representatives to this meeting and it is probable that the Baptists and Catholics will be invited to become members, thus increasing the membership to eight clubs and rendering the season of even greater interest than last year's struggle. By March 15 the chairman of each club committee will be supposed to have a complete list of all players eligible in the hands of the executive committee, thus getting this troublesome feature settled definitely long before the season opens. It will be remembered that last season there was practically no team that played the season through with nothing but eligible members, but during the coming season every team in the league will be forced to live up to this rule. Each club will also be compelled to make a deposit of ten dollars with the league treasurer previous to the opening of the season. Two umpires will officiate at each scheduled game. The season will likely open May 16 and close August 13, twilight games of seven innings being the rule, three games to be played each week. From present indications it seems probable that all the teams will be provided with uniforms and that Charleroi will enjoy a splendid summer's sport. New officers will be elected at the coming meeting for which President Cleribue will make further announcements soon.

YOUNG CHINESE BOY ENROLLS AS STUDENT IN MONESSEN SCHOOLS

Yee Foon, a young Chinaman, is the latest to be enrolled as a student in the Monessen schools. The boy was entered in the McKinley school at Monessen yesterday. He was taken to the schools by two older Mongolians, one of which will be his guardian while in Monessen. He will stay with Way Sing. The boy is 13 years of age and the son of Yee Wing On, of Wilkinsburg. He is a bright little chap, and while it was necessary to place him with children younger than himself in school, he promises to soon outclass them and gain a place with pupils of his own age.

Ballots Sent Out by Commissioners

Vexatious Delay Caused by Inability to Get Papers in Proper Time.

After many delays, vexations, worries, trials and tribulations, caused by the failure of the printer to have the ballots and specimen ballots for the primaries printed within the required time, the commissioners yesterday afternoon succeeded in sending out the necessary papers to the several precincts of the county.

Even at the last moment mistakes were found and the work had to be sent back and much work done on the corrected papers.

DR. YARNALL WILL BE A CANDIDATE

Announcement Forthcoming the Latter Part of Present Week, it is Stated.

It was this morning announced on good authority that Dr. Charles Wesley Yarnall of California, would be a candidate for the Republican nomination for Assembly. It is understood that Dr. Yarnall will make his announcement the latter part of this week.

The position of Dr. Yarnall in his proposed canvass is not known. He is a well known physician of the county, and his election would please many.

Good Show at the Star.

At the Star Theatre the last three days of this week a good show is booked. Rhodes, Rhodes and Winifred will appear in a trio of comedy sketches. These three are man, wife and child, and have something to offer that will greatly please the patrons of this popular playhouse.

Miss Viola Gleason will appear in her refined singing and talking act, and judging from the hit she made in other places, will create quite a sensation here.

Looks Like White Elephant is On the Hands of Company

In the new candy and news stand which was hauled here by the Union News company of the Pennsylvania railroad Sunday, and dumped on the railroad property at the corner of McKean avenue and Fifth street, the company has apparentlay a white elephant. They were notified by council not to put the stand there, but inasmuch as there is no other available place to set it the the railroad company is now trying to get rid of the affair.

The reason for the building not being allowed at the place where it was set is the fact that the territory is within the fire limits, wherein frame buildings are not allowed. Since the affair was transacted, however, attention has been called to other frame buildings which it is stated were erected after the ordinance was passed.

New Coke Ovens Will be Fired Near Bentleyville in Short Time.

INCREASE IN BUSINESS

Many Improvements Have Been Made During Past Year to Better Equip Workings.

Three hundred more men are wanted at the Acme mine at Bentleyville. This information was imparted by Superintendent Donald Darroch yesterday, when he said the company expected to charge 15 ovens this week for the purpose of making coke.

For the past year extensive improvements have been under way at this plant, which involved the sinking of a slope and the erection of an additional tipple to care for the increased business of the company, which is expected to be realized from the production of coke. In addition to this new mine the company also began the erection of 300 coke ovens, one-half of which are finished and ready for business. The washery is completed and the machinery for crushing the coal is all ready for business. The leveler, pusher and loader, all of which will permit of the economical handling of coke, have been installed, and now the company is prepared to make the first burning of "Bentleyville Coke."

One hundred and fifty ovens will be charged this week, and by Monday at least the officials expect to make the first draught of coke which is expected to revolutionize to a certain extent the coal business in the Pigeon creek valley. The mines will be operated in full, in order to furnish a production of sufficient capacity to care for the wants of these ovens, which are expected to be kept continually in blast.

In the meantime the remaining ovens, 150 in number, which are now about half completed, will be put in shape as fast as the weather will permit.

Annie May Maund.

Annie May Maund, the 14-year-old daughter of Mr. and Mrs. James Maund of North Charleroi, died at the home of her parents this forenoon. She had been sick since before Christmas, and hopes had been entertained for her recovery at the outset, but she grew steadily worse until the end came at 11:20 this forenoon. The funeral arrangements have not yet been completed. Besides her father and mother Annie is survived by two sisters and three brothers. These are Mrs. Richard Jenion of Coal Centre; Daisy, Walter, Howard and James at home. Annie was a sweet, lovable girl, the pride and joy of her parents, and was greatly beloved by her young associates among whom she had a wide circle of friends. Stricken down in the bloom of young maidenhood her death falls with crushing force on the bereaved family who have the sympathy of the entire community in their great affliction.

Rural Route Wanted.

Charleroi, the second town in size and industrial importance in Washington county, has no rural delivery postal route leading into the populous farming community surrounding the town. It had such a route once, which was taken away for the ostensible reason that the roads were too bad to continue it, but as the route was changed to locations where the roads were equally as bad, the people of Charleroi never were clear as to why this move was made. All that they know is that by reason of the change much trade and business that naturally belongs to Charleroi was deflected elsewhere.

There is little doubt but what this route, or another which might still better fulfill requirements, could be restored to Charleroi if the people here would only make the effort. Congressman J. K. Tener would undoubtedly bend every effort to that end if he but knew the people's desires on the subject. Some effort must be made on the part of the people, however, and the project must be specific. It will not do simply to put up the request to Mr. Tener that we want a route. The questions will be asked, Where to? What for? and Is it necessary? The establishment of these routes is a matter of business with the Postal Department, which will want to know all the details.

That being the case, it is up to the business people here to take action in the matter, if they want to extend their trade into the country, and bring back business that was lost by reason of the change. Direct postal communication with our natural rural constituency would undoubtedly stimulate trade relations and bring our town and business interests in closer touch with a most desirable purchasing public. It is up to the business people here to start proceedings and gather the necessary information if they desire to retain a large trade that is now in direct communication with other centers.

A Just Demand.

The demand of the United Mine Workers for run-of-mine coal as a scale basis is a just one, and should be conceded by the operators. Its adoption will not only abolish the growing cause for controversy on account of the new safety explosives that have been ordered by mine inspectors in many instances, but it will establish as a scale basis the only equitable source, namely, the entire fruits of a miner's toil.

Just why the screened coal basis has been adhered to is hard to say. It was probably established when there was no market for slack coal, when to dispose of it many operators in this section dumped it into the river. Conditions, however, have long been changed, and slack coal is now an important merchantable product. The scale should be based on compensation for all labor that a man performs, and by removing all possibility for one side or the other to juggle conditions for individual benefit, the most important source of friction will be abolished.

A Precedent.

Unwittingly, perhaps, the proceedings inaugurated to test the constitutionality of the county controller act may decide the validity of another important question, that of local option. The constitutinality of each question hinges on whether or not they come in conflict with the same section of the constitution, and the decision of one cannot fail to have an important bearing on the other.

It is a well known fact that the opponents of local option are pinning their faith on a constitutional test of the question, should such a measure be enacted by the Legislature. Certain it is that when the present constitution was enacted, it was the firm convictoin in every quarter, including the legal fraternity, that local option was forever barred by its provisions. So general was this belief that no thought was ever entertained that local option was possible until after the defeat of the proposed prohibition amendment by the voters in 1889. As the present proceedings are so closely allied with the ultimate fate of local option, the result will no doubt be watched with interest.

ELECTRIC SPARKS

The leading man of the Duquesne Theatre has 45 suits of clothes. We know of many men whose wardrobe consists of a summer and winter suit. It's a summer suit in summer and a winter suit in winter.

New Castle wants "Billy!" Sunday, the baseball evangelist. So does McKeesport, so does Canton, Ohio, and so does half a dozen or more places, and the only time he has open for the next three years is a lone two weeks. Not being equipped with more than one body or tongue, it can hardly be expected that he will fill all the wants.

CAUSES SICKNESS

Good Health Impossible with a Disordered Stomach.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard to abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, after reasonable use of this medcine if they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefitted by them. Three sizes, 25c, 50c and $1.00 a box. Sold in Charleroi only at our store—The Rexall Store. John W. Carroll.

STOMACH MISERY

Get Rid of That Stomach Misery, Sourness and Indigestion.

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Miona stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, billiousness, nervousness, sick headache and constipation will follow.

Miona stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back.

Fifty cents a large box. Sold by druggists everywhere and by Piper Bros. For constipation there is no remedy so satisfying as Booth's Pills—25 cents.

FATHER 80-MOTHER 76

The aged father and mother of a prominent Boston lawyer safely carried through the last two winters by

Vinol

The son says: "My father and mother owe their present strength and good health to Vinol. During the last two trying winters neither of them had a cold, and were able to walk farther and do more than for years. I think Vinol is perfectly wonderful. It certainly is the greatest blood-making, strengthening tonic for old people I ever heard of."

We want every feeble old person in this town to try Vinol. We will return their money without question if it does not accomplish all we claim for it.

NOT ENOUGH APPLICANTS

Census Supervisor Charles O. Frye Issues Call for More

NARRATIVE EXAMINATIONS

A call for more applicants for places as census enumerators has been issued by Supervisor of Census, Chas. O. Frye. He urges all persons in his district desiring to serve to obtain their application forms at once and to file them with him before January 25 when he must stop considering new applications in order to prepare for the "test" of the previous applicants on February 5. After this he will examine and rate the papers until about February 22, when he will forward his list of designations as enumerators, with their "test" papers to Census Director Durand, who will carefully go over and rerate the papers of the successful candidates before giving his consent to the issue of commissions to them by the supervisor. By the middle or latter part of March the enumerators will have been commissioned and in receipt of detailed instructions concerning their work.

To quiet any qualms relative to the "test" of the qualifications of applicants, to be made February 5, the supervisor has obtained some information from the Census Director concerning the "test" of Twelfth Census enumerators. It has been officially stated that the 1901 "test" will be very similar to the one in the preceding census and will consist in requiring applicants to fill sample schedules from printed narratives concerning census facts. As the rural enumerators are to carry both the population and agricultural schedules, they will be "tested" with samples of both, but the city enumerators, who carry the population schedule alone, will only be required to prove their ability by filling a sample of that schedule. The "test" population schedule narrative in 1900 was, in part, as follows:

"The enumerator of the forty-fifth enumeration district of the ninth supervisor's district of the State of Pennsylvania, in the village of Port Royal, Londonberry township, Schuykill county, begins his enumeration June 1, 1900, at No. 201 Burton street.

"This house is occupied by a single family, consisting of Patrick O'Leary, his wife, Margaret, and his son, James.

"Patrick came to this country from Ireland, where he was born of Irish parents in May of 1847, and came to America when he was just 22 years old. Three years after his arrival he was married to an Irish girl who had come over from his native village a year before. As soon as possible he became naturalized. He can read and write and speak English, and owns a good house, free of incumbrance, which he has bought from his earnings as a teamster, in which occupation he has had steady work during the past year.

"Margaret, his wife, is also of Irish parentage and was born in January and is nearly four years younger than her husband. She has had two children, only one of whom is living. She can read and speak English, but has to make her 'mark' for her signature.

"James was born in Harrisburg, February, 1875. He was has a good common school education, works at any sort of day labor, and secured nine months' steady work during the past year. He is not married.

"In the next house, 203 Burton street, the enumerator found an English woman by the name of Mrs. Jane Parker, a widow, occupying a rented house with her single daughter, Virginia, and her married daughter, Nellie E. and the husband of the latter, Albert Johnson.

"Mrs. Parker came to this country 3 years ago, has a good education, is a dressmaker by trade and has constant employment. She was 50 years old last April, and is of Scottish birth on her mother's side. She has had four children, three of whom are living and one of whom has died.

"Virginia is of English parentage, has been through the local schools and has been a saleswoman for eight months of the past year; she was born in Philadelphia in March, 1877.

"Nellie E. was 28 years old last January, and has but recently married. She was born in Baltimore, reads, writes and speaks English.

"Albert Johnson, the husband of Nellie, was born in New York City of Welsh parents, November, 1865. He is in the grocery business and keeps his own books and accounts."

It seems comparatively simple according to the supervisor to draw out of the above statement the required details for the population schedule and to enter them under the proper column divisions relating to location, name, relationship, personal description, nativity, citizenship, occupation, education, etc.

About all such a "test" can do is to evidence the legibility of an applicant's handwriting and his ability to determine where to write in the sample schedule the facts clearly stated in the narrative.

The agricultural schedule narrative for 1909 was very similar, except that the facts stated relate to farms and farming operations. Before the "test" February 5, the supervisor will send each applicant a list of instructions concerning filling in the "test" schedules, which will still further simpify the subject and insure the passing of the test by those who possess only an ordinary common school education and practical common sense.

CRYING FOR HELP

Lots of it in Charleroi but Gradually Growing Less.

The kidney cry for help.

Not an organ in the whole body so delicately constructed.

Not one so important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what over-worked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Charleroi citizen.

Mrs. William Urben, Sr., 736 Fallowfield avenue, Charleroi, Pa., says: "Some years ago I used Doan's Kidney Pills, procured at Piper Bros.' Drug Store and they cured me of an attack of kidney disease. I value this remedy highly and do not hesitate to recommend it to other persons suffering from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CAUSES DEBILITY

Here are Plans Backed up for a Strong Guarantee.

Catarrh causes debility. In our opinin, most people suffering from general debility have catarrh. Such cases of debility cannot be completely cured by medicine not designed to eradicate catarrh. In every case where our remedy fails to give entire satisfaction we will not charge a cent for the medicine employed during the trial. Now surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We will take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucu-Tone rarely fails to do as we claim. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is intended for one purpose, i. e., to cure catarrh by assailing the diseased condition in a reasonable scientific way, which is to employ agents that have been found to have the tonic and alterative power to correct faulty metabolism (tissue change) and to stimulate and help nature overcome the cause or causes of catarrh. This being done, appetite increases, nutrition improves, weight is gained comfort of body is attained and life's work taken up with the zest natural to the perfectly healthy individual.

We want you to try Rexall Mucu-Tone. Follow directions and take it regularly and consistently for a reasonable legth of time. Then, if you are not satisfied, come back and tell us and the money you paid for the treatment will be returned with out any argument whatever.

Rexall Mucu-Tone comes in two sizes, 50c and $1.00 a bottle. Sold only at our store—The Rexall Store. John W. Carroll.

WHY SALVES FAIL TO CURE ECZEMA

They Clog the Pores—Only a Liquid Can Reach the Inner Skin.

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and can not penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen as compounded in D. D. D. Prescription. After ten years of cure after cure, the world's leading skin specialists have accepted this as the true eczema cure.

We ourselves do not hesitate to recommend D. D. D. Prescription at $1.00 a bottle, but for the benefit of those who have never tried the prescription, we have arranged with the D. D. D. Laboratories of Chicago for a special large trial bottle at 25 cents on a special offer now. This first bottle ought to convince every sufferer, and, at any rate, it will surely take away the itch at once.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.

SKULL FRACTURED BY PASSING TRAIN

Her skull fractured by being struck by a train at Coal Bluff, 8-year-old Anna Duvill, is in the Memorial hospital at Monongahela in a critical condition.

The accident occurred at noon yesterday when the little girl in an effort to avoid a train, stepped directly in front of one unseen by her, approaching in an opposite direction. She is a daughter of Mr. and Mrs. J. L. Duvill.

MONTE CARLO GIRLS HERE NEXT MONDAY

The real burlesque show, the real laughing show, and the real beauty chorus, namely the "Monte Carlo Girls," is coming to the Coyle Theatre on Monday, January 24. It is said to be better than ever, carrying a company of 25 people, mostly pretty girls, new costumes, the latest song hits, new, bright and gingery dancing numbers, and two new burlettas entitled "The Merry Madcaps" and "Too Many Husbands." Lew Golden, that famous funny fellow in his Hebrew character part, has again been engaged and the boys are sure of a good run for their money. Many high class vaudeville acts will be shown during the action of the piece, among them one by the old favorite LeBelle Myrtle, who will present one of her sensational dances.

COURT DISMISSES EXCEPTIONS

Judge J. F. Taylor, yesterday afternoon handed down an opinion which provides for the incorporation of the borough of Marianna. The exceptions on file to the proposed movement are dismissed by the court.

Objections were filed against the incorporation of this borough on the grounds that the Pittsburg-Buffalo Coal company owned most of the property within the proposed borough. In dismissing these objections Judge Taylor said there was no evidence to show that the coal company would control the goverament of the proposed borough to the detriment of public policy, and that the presumption was still in favor of the independence and manhood of the inhabitants. The commissioners, he said, had the power to raise or lower the assessments, while the township would be relieved of maintaining the schools and roads.

A FROG IN THE POT.

Vexing Days of the Early Tea Tax In New England.

Tea was not brought over by the first settlers. When the pilgrims landed at Plymouth tea was selling in England at from $10 to $50 per pound. It was a luxury that had been known to Englishmen only a few years

Early settlers got along without India or China tea for a long time. They used roots, herbs and leaves found in the fields and woods as a substitute for tea. Sassafras tea was a common drink.

Tea was advertised for sale in Boston in 1762 for the first time, according to historians. In 1766 patriots began to take the pledge not to drink tea because of the tax that the English government placed on it. It became fashionable for patriotic ladies not to serve India tea, but as substitutes therefor "Labrador tea" and "Liberty tea."

Captain Page of Danvers forbade his spouse to taste tea beneath his roof as long as the tax remained upon it, but the strong minded and ingenious lady ascended to the flat roof of the house, invited her friends to follow, and there she served tea to them.

Some other ladies of the town fared less fortunately. They used to borrow for their tea parties the big teapot of the once famous Bell tavern. One day, after drinking the forbidden beverage, the master of the house unexpectedly walked in, jumped to the fire, grabbed the teapot and turned it over, and out rolled a big frog. The jovial patriots at the Bell tavern suspecting the use of the pot had placed the frog in it. Some of the dames never drank tea afterward, for it made them sick.

Isaac Wilson of Peabody persisted in selling tea, so the Sons of Liberty seized him and compelled him to walk about town penitently repeating:

I, Isaac Wilson, a Tory be;
I, Isaac Wilson, I sell tea.

The celebrated Boston tea party was followed by tea parties in other New England towns. In Salem, soon after the Boston party, David Mason was suspected of having had his negro servant smuggle two chests of tea into his home. Patriots entered and searched his house. They found the tea. They gave it to boys, who paraded with it to Salem common and there burned it.

Even after the Revolution trade in tea was not wholly unrestricted. It appears that in some New England places dealers in tea were required to take out a license.—Boston Globe.

THE WORD "BANZAI."

It Has Been Used In Japan From the Earliest Ages.

It is not infrequent to find men speculating as to the origin of the now familiar "banzai," and we believe that a general impression classes this excellent ejaculation among the inventions of modern Japan. Quite recently indeed we heard a learned Japanese declare that the late Professor Toyama was the originator of the word as the Japanese equivalent of "hurrah." But the truth is that "banzai" belongs to a very much remoter date. History shows that it was used certainly as long ago as the year 198 A. D., and probably it was not an innovation even then. In the "Chronicles of Japan," a work published in the year 820 A. D., it is related that in the spring of 483 A. D. the Emperor Woke, remembered by posterity as "Kenzo, Tenno," repaired to the park of the summer hall and there held revel by "the winding streams." His guests were a concourse of ministers and of high officials known at that epoch under the titles of Omi, Muraji and Miyakko. When the feast was at its height the guests, we read, "raised repeated cries of banzai." It may fairly be assumed that this formula of gratulation did not originate then, but at any rate its undoubted use in Japan more than fourteen centuries ago deprives any Meiji savant of the credit of having invented it.—Japan Mail

Theodore J. Allen of Fredericktown and son Donald, who is a student at Bethany college were in Charleroi yesterday visiting friends.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

MORE BANK TALK

Did it ever occur to you why all good business men keep a checking account with a bank? We'll tell you. It enables them to keep their funds in a more secure place than the office safe. It gives them a better standing in the business world. It enables them to pay their bills by check, the returned check being an undisputable receipt.

Individuals find a checking account very convenient and a source of saving. Money in one's pocket is often spent on the spur of the moment, while one is disposed to think twice before drawing on his balance in the bank. Get the Savings Habit. Lay up for a rainy day. Start a bank account with the

Beallsville

Caleb Clutter of Madrid, Neb., was a guest last week of his sister, Mrs. M. B. Walton, of this place. Mr. Clutter was born and brought up in Washington county and had not visited the scenes of his boyhood for several years. After spending a few days here he went to Washington to visit relatives and friends a few days before returning home.

George Savage, a prosperous mine owner of Oklahoma, is north on a visit and is spending some time in this community.

On Saturday the descendants of Mrs. Mary Piper gathered at her home near Beallsville to hold the annual family reunion.

John Miller of Kansas City, Neb., is spending a few weeks in the county, after an absence of 32 years. Mrs. S. C. Cole of Beallsville is a sister.

Mrs. James V. McDonough very pleasantly entertained friends at a dinner at her home in Main street recently.

Mr. and Mrs. William McJunkin, and daughtres, the Misses Helen and Viola, and Mrs. Mary Horner of Beatrice, Neb., have been spending a few days at the home of Mr. and Mrs. William B. Lash of this place.

Mrs. Horner is a sister of Mr. Lash and this is her first visit to Pennsylvania, after an absence of 29 years. She notes wonderful changes in this section and especially in the Pigeon Creek valley. Mr. and Mrs. McJunkin and children and Mrs. Horner will remain in the county until spring.

Mrs. H. E. Dawson and son Keith have returned home from Charleroi, where they spent the past few months at the home of Mrs. Dawson's parents, Mr. and Mrs. C. R. Trew.

Mr. and Mrs Otto Keys entertained friends at their home the other evening.

Revival services are still in progress at the Presbyterian church. The services last week were in charge of the Rev. C. L. McKee of Washington. The Rev. Mr. Zahnizer of Pittsburg, is conducting the meetings this week.

A Wonderful Discovery which Practically Eliminates the Dangers of Catarrh or Diseases which Originate with Catarrh.

(From the Paterson, N. J. Guardian.)

Ninety-four per cent of all the diseases with which the human system is afflicted, originate or turn into catarrh; assuring himself of this fact, Dr. Barker gave the matter of catarrh his entire time and study and after several years of the most thorough research for a remedy which would positively cure catarrh in any form he prepared a prescription which he used in his private practice without a single failure of any case of catarrh be treated. After a considerable amount of persuassion he consented to put the prescription up in convenient form, so that sufferers from this terrible disease could purchase the treatment at a nominal cost. The prescription will be found in most any drug store in the United States under the label Bloodine. In a recent introductory sale in the city of New York more than 20,000 bottles were sold in a single week.

I am so confident that Bloodine will cure anyone afflctied with catarrh that I will gladly supply to any patient a positive guarantee to cure or money will be as cheerfully refunded as it is taken. If your druggist does not keep Bloodine you can be supplied by The Bloodine Laboratories, Boston, Mass., at 50c a bottle or six bottles for $2.50 Weltner's Pharmacy, special agent, Charleroi, Pa.

TEST OF CONTROLLER ACT MAY ALSO DECIDE LEGALITY OF LOCAL OPTION

Same Provisions of the State Constitution Would Apply for Both Questions, Although Application is Slightly Different.

IS CONTROLLER ACT LOCAL OR SPECIAL?

Should County Auditor Clark R. Tilton carry to a finish the proceedings he has inagurated to test the constitutionality of the new act creating the county controller's office, by which John H. Moffitt, the present incumbent, was elected, he may unconsciously furnish a valuable precedent in another important question. This is whether or not a local option law, should one be enacted by the State Legislature, would be constitutional. The test of both acts comes under the same provisions of the constitution, and there are already enough precedents to warrant a belief among many prominent attorneys that a local option law would never stand the test if appealed to the highest court.

The point that Mr. Tilton makes in his writ of quo warranto against Mr. Moffitt is that the act creating the office is in conflict with Article III, Section 7, of the constitution. This is the section that limits special and local legislation, and which, when the constitution was adopted, was supposed to forever prohibit local option. The clause covering Mr. Tilton's contest would no doubt be the one which prohibits "Creating offices, or prescribing the powers and duties of offices in counties, cities, boroughs, townships, election or school districts."

The clause supposed to debar local option is one in the same section of Article III, which prohibits "Regulating the affairs of counties, cities, townships, wards, boroughs or school districts." While each is different in its application, each comes under the section prohibiting the passage of "any local or special law."

The point at issue is whether the new county controller act is a local or special law, inasmuch as it is general in its application to all counties under certain conditions. This same point will also apply to a local option measure, whether or not it is local or special, inasmuch as it appliess to localities under special conditions, although this condition in a sense is general, as it can be applied by local legislative action to all counties or parts of counties, a function denied by Governor Pennypacker, when he vetoed a measure repealing one of the special townships prohibitory acts enacted under the old constitution. This replealing act, vetoed by Governor Pennypacker, put the option of repeal up to the electors of that township. This, the Governor stated, was legislative power held only by the State Legislature, and for that reason he vetoed the repealer.

In view of the present agitation for local option, the forthcoming test of the constitutionality of the new county controller act is important. If the Supreme Court decides the act unconstitutional it is believed that the same decision will practically decide the fate of a local option measure. If the controller act stands, then local option would in all probability become possible under the provisions of the constitution. For this reason, the action of County Auditor Tilton has a double interest.

BELL TELEPHONE MEETING TODAY

District Managers in Uniontown to Attend Conference.

Eight district managers of the Bell Telephone company are meeting in Uniontown today in conference with Supt. D. J. Murphy to go over matters looking toward improvement of the service and development of the volume of business.

All the Bell Telephone companies have gone into a standard accounting system which is a complete revolution in the system keeping its accounts, and all will drop the present method and take up the new. It is necessary to give instructions on this new work and these will be outlined.

This will be the first meeting of the kind ever held in Uniontown, the previous ones having been held in Pittsburg. Uniontown is the headquartes of a division which comprises Fayette, Greene and Washington counties, Pa., and Monongalia, Marion, Preston, Taylor, Harrison, Randolph and Tucker counties, W. Va. Orders for these different places are sent out from Uniontown, and D. J. Murphy, superintendent of commercial work, is stationed there

Superintendent Frank B. Burwell of the Charleroi district is in Uniontown to attend the meeting.

At the Star Theatre.

A very unique attraction is booked for the Star Theatre tonight in the comedy sketch of man, wife and child under the team name of Rhodes, Rhodes and Winfield, entitled "We Us and Cupid." In this act he appears in two costumes in twenty-five seconds, going some, eh? Well I guess, and you will be more than interested in the general humor of the whole sketch.

Miss Violetta Gleason does a delightful singing and monologue single performance, which is considered quite novel.

Eugene Middeker will sing the song to the illustrated pictures. Biograph subjects "Nursing a Viper" and also "The Belated Wedding." These pictures are the very height of pefection. 130t1

Not a Candidate.

Although my name will appear on the Republican ticket as a Republican candidate for the nomination of justice of the peace at the primary election Saturday, I desire to inform my friends and the public generally that I am not a candidate for the nomination. My name was suggested without my knowledge or consent, and I neglected to have it withdrawn until too late.

WASHINGTON LABOR MAY BOYCOTT MEAT

Prevailing High Prices Responsible for Action Taken by Trades Assembly.

The Ohio boycotting scheme to bring down the extemely fancy prices on meat will probaby be adopted by the men representing organized labor in and around Washington.

The members of the Washington Central Trades Assembly which is made up of delegates from the various branches of organized labor of that community, took action along this line at a meeting held last evening and if the sentiment of the trades assembly prevails among the local unions meat will be dispensed with in a large number of Washington families for an indefinite period.

The present prices of meats and the general high cost of living came up before the assembly for discussion, and the action taken in Ohio where the people generally have risen against the meat barons was taken up at length. The matter was referred back to the local unions for action.

REV. J. H. PALMER WILL LEAVE LOCAL CHURCH FEBRUARY 1

Resignation Accepted at Congregational Meeting that Pastor May Accept Leechburg Call.

Last night at a regular business meeting of the members of the First Baptist church, Rev. Judson H. Palmer, the pastor, informally presented his resignation, and it was accepted, to take effect on February 1. Rev. Palmer will leave on that time for Leechburg, where he will take up pastorate work for the Leechburg Baptist church.

The resignation was accepted at the wish of Rev. Palmer, who feels that he has a better place in Leechburg. Many expressions of good will for him were given by members, who are loth to see him leave. The church here will secure supplies for a time, until it can get a regular pastor. It is likely that the congregation will put in an application for a seminary graduate to come here at the end of the present school year.

Well Known Belle Vernon Resident Dead at His Home

Jacob T. Roley, 75 years and 9 months old, and a well known resident of this community, died at his home in Belle Vernon last evening at 6:50 o'clock, after a few week's illness of bronchitis and heart trouble. The funeral arrangements have not been completed as yet.

The deceased is survived by his wife Hannah, and seven children, as follows: Joseph T., Anna E., Jennie and Jessie at home; William H. of Belle Vernon, formerly of Charleroi; Mrs. J. O. Brawdy of Charleroi and Mrs. C. F. Redd of Pittsburg. He has one sister and four brothers, one of the brothers being Noah Roley of Charleroi, who is now in such a state of health that the news of his brother's death cannot be told him.

Mr. Roley was one of the best known citizens of Belle Vernon. He was born in Hempfield township, Westormeland county, and lived successively in the vicinity of his home, Monongahela and Belle Vernon, going to Belle Vernon in 1854. He conducted a store there for about 20 years, and in 1874 went into the livery business. In this be was interested at the time of his death. Mr. Roley was serving his fourth term as justice of the peace at the time of his death.

Mr. and Mrs. W. C. Hepler and son of Evansville, after a visit in Charleroi with the former's brothers and sister, left last evening for their home.

DILWORTH BURNS UP

Tow Boat Totally Destroyed by Flames Yesterday at Rices Landing.

The steamboat, "H. P. Dilworth," owned by the Dilworth Coal company of Rices Landing caught fire yesterday near the coal company's tipple just below Lock No. 9, on the Monongahela river and was totally destroyed, entailing a loss approximating $30,000.

It is not known how the fire originated, but as it started in the stern of the boat near the boilers it is supposed that the flames got their start from the overheated boilers.

The boat was anchored near the big tipple at the time, but it was cut loose and drifted into the swift current of the swollen river before it sank.

The boat was used in towing barges from Rices Landing to the Pittsburg harbor.

Practically the whole population of Rices Landing and vicinity turned out to help Superintendent James Black and his employes in their efforts to extinguish the flames, or at least to hold them in check. It was only by the most strenuous work that the fire was kept from the tipple and the adjacent buildings.

CHARLEROI CHURCH LEAGUES PREPARES FOR GOOD SEASON

Meeting Called by President for February—Season Will Open Early

President Fred Clerihue of the Charleroi Church Baseball League has called a meeting February 1 at which time plans will be outlined for a bigger and better organization the coming season. Each club of last season's six club league will be requested to send at least three representatives to this meeting and it is probable that the Baptists and Catholics will be invited to become members, thus increasing the membership to eight clubs and rendering the season of even greater interest than last year's struggle. By March 15 the chairman of each club committee will be supposed to have a complete list of all players eligible in the hands of the executive committee, thus getting this troublesome feature settled definitely long before the season opens. It will be remembered that last season there was practically no team that played the season through with nothing but eligible members, but during the coming season every team in the league will be forced to live up to this rule. Each club will also be compelled to make a deposit of ten dollars with the league treasurer previous to the opening of the season. Two umpires will officiate at each scheduled game. The season will likely open May 16 and close August 13, twilight games of seven innings being the rule, three games to be played each week. From present indications it seems probable that all the teams will be provided with uniforms and that Charleroi will enjoy a splendid summer's sport. New officers will be elected at the coming meeting for which President Clerihue will make further announcements soon.

YOUNG CHINESE BOY ENROLLS AS STUDENT IN MONESSEN SCHOOLS

Yee Foon, a young Chinaman, is the latest to be enrolled as a student in the Monessen schools. The boy was entered in the McKinley school at Monessen yesterday. He was taken to the schools by two older Mongolians, one of which will be his guardian while in Monessen. He will stay with Way Sing. The boy is 13 years of age and the son of Yee Wing On, of Wilkinsburg. He is a bright little chap, and while it was necessary to place him with children younger than himself in school, he promises to soon outclass them and gain a place with pupils of his own age.

Vexatious Delay Caused by Inability to Get Papers in Proper Time.

After many delays, vexations, worries, trials and tribulations, caused by the failure of the printer to have the ballots and specimen ballots for the primaries printed within the required time, the commissioners yesterday afternoon succeeded in sending out the necessary papers to the several precincts of the county.

Even at the last moment mistakes were found and the work had to be sent back and much work done on the corrected papers.

DR. YARNALL WILL BE A CANDIDATE

Announcement Forthcoming the Latter Part of Present Week, it is Stated.

It was this morning announced on good authority that Dr. Charles Wesley Yarnall of California, would be a candidate for the Republican nomination for Assembly. It is understood that Dr. Yarnall will make his announcement the latter part of this week.

The position of Dr. Yarnall in his proposed canvass is not known. He is a well known physician of the county, and his election would please many.

Good Show at the Star.

At the Star Theatre the last three days of this week a good show is booked. Rhodes, Rhodes and Winifred will appear in a trio of comedy sketches. These three are man, wife and child, and have something to offer that will greatly please the patrons of this popular playhouse.

Miss Viola Gleason will appear in her refined singing and talking act, and judging from the hit she made in other places, will create quite a sensation here.

Looks Like White Elephant is On the Hands of Company

In the new candy and news stand which was hauled here by the Union News company of the Pennsylvania railroad Sunday, and dumped on the railroad property at the corner of McKean avenue and Fifth street, the company has apparentlay a white elephant. They were notified by council not to put the stand there, but inasmuch as there is no other available place to set it the the railroad company is now trying to get rid of the affair.

The reason for the building not being allowed at the place where it was set is the fact that the territory is within the fire limits, wherein frame buildings are not allowed. Since the affair was transacted, however, attention has been called to other frame buildings which it is stated were erected after the ordinance was passed.

New Coke Ovens Will be Fired Near Bentleyville in Short Time.

INCREASE IN BUSINESS

Many Improvements Have Been Made During Past Year to Better Equip Workings.

Three hundred more men are wanted at the Acme mine at Bentleyville. This information was imparted by Superintendent Donald Darroch yesterday, when he said the company expected to charge 15 ovens this week for the purpose of making coke.

For the past year extensive improvements have been under way at this plant, which involved the sinking of a slope and the erection of an additional tipple to care for the increased business of the company, which is expected to be realized from the production of coke. In addition to this new mine the company also began the erection of 300 coke ovens, one-half of which are finished and ready for business. The washery is completed and the machinery for crushing the coal is all ready for business. The leveler, pusher and loader, all of which will permit of the economical handling of coke, have been installed, and now the company is prepared to make the first burning of "Bentleyville Coke."

One hundred and fifty ovens will be charged this week, and by Monday at least the officials expect to make the first draught of coke which is expected to revolutionize to a certain extent the coal business in the Pigeon creek valley. The mines will be operated in full, in order to furnish a production of sufficient capacity to care for the wants of these ovens, which are expected to be kept continually in blast.

In the meantime the remaining ovens, 150 in number, which are now about half completed, will be put in shape as fast as the weather will permit.

Annie May Maund.

Annie May Maund, the 14-year-old daughter of Mr. and Mrs. James Maund of North Charleroi, died at the home of her parents this forenoon. She had been sick since before Christmas, and hopes had been entertained for her recovery at the outset, but she grew steadily worse until the end came at 11:20 this forenoon. The funeral arrangements have not yet been completed. Besides her father and mother Annie is survived by two sisters and three brothers. These are Mrs. Richard Jenion of Coal Centre; Daisy, Walter, Howard and James at home. Annie was a sweet, lovable girl, the pride and joy of her parents, and was greatly beloved by her young associates among whom she had a wide circle of friends. Stricken down in the bloom of young maidenhood her death falls with crushing force on the bereaved family who have the sympathy of the entire community in their great affliction.

Entered in the Post Office at Charleroi Pa., as second class matter.

Rural Route Wanted.

Charleroi, the second town in size and industrial importance in Washington county, has no rural delivery postal route leading into the populous farming community surrounding the town. It had such a route once, which was taken away for the ostensible reason that the roads were too bad to continue it, but as the route was changed to locations where the roads were equally as bad, the people of Charleroi never were clear as to why this move was made. All that they know is that by reason of the change much trade and business that naturally belongs to Charleroi was deflected elsewhere.

There is little doubt but what this route, or another which might still better fulfill requirements, could be restored to Charleroi if the people here would only make the effort. Congressman J. K. Tener would undoubtedly bend every effort to that end if he but knew the people's desires on the subject. Some effort must be made on the part of the people, however, and the project must be specific. It will not do simply to put up the request to Mr. Tener that we want a route. The questions will be asked, Where to? What for? and Is it necessary? The establishment of these routes is a matter of business with the Postal Department, which will want to know all the details.

That being the case, it is up to the business people here to take action in the matter, if they want to extend their trade into the country, and bring back business that was lost by reason of the change. Direct postal communication with our natural rural constituency would undoubtedly stimulate trade relations and bring our town and business interests in closer touch with a most desirable purchasing public. It is up to the business people here to start proceedings and gather the necessary information if they desire to retain a large trade that is now in direct communication with other centers.

A Just Demand.

The demand of the United Mine Workers for run-of-mine coal as a scale basis is a just one, and should be conceded by the operators. Its adoption will not only abolish the growing cause for controversy on account of the new safety explosives that have been ordered by mine inspectors in many instances, but it will establish as a scale basis the only equitable source, namely, the entire fruits of a miner's toil.

Just why the screened coal basis has been adhered to is hard to say. It was probably established when there was no market for slack coal, when to dispose of it many operators in this section dumped it into the river. Conditions, however, have long been changed, and slack coal is now an important merchantable product. The scale should be based on compensation for all labor that a man performs, and by removing all possibility for one side or the other to juggle conditions for individual benefit, the most important source of friction will be abolished.

A Precedent.

Unwittingly, perhaps, the proceedings inaugurated to test the constitutionality of the county controller act may decide the validity of another important question, that of local option. The constitutinality of each question hinges on whether or not they come in conflict with the same section of the constitution, and the decision of one cannot fail to have an important bearing on the other.

It is a well known fact that the opponents of local option are pinning their faith on a constitutional test of the question, should such a measure be enacted by the Legislature. Certain it is that when the present constitution was enacted, it was the firm convictoin in every quarter, including the legal fraternity, that local option was forever barred by its provisions. So general was this belief that no thought was ever entertained that local option was possible until after the defeat of the proposed prohibition amendment by the voters in 1889. As the present proceedings are so closely allied with the ultimate fate of local option, the result will no doubt be watched with interest.

ELECTRIC SPARKS

The leading man of the Duquesne Theatre has 45 suits of clothes. We know of many men whose wardrobe consists of a summer and winter suit. It's a summer suit in summer and a winter suit in winter.

New Castle wants "Billy" Sunday, the baseball evangelist. So does McKeesport, so does Canton, Ohio, and so does half a dozen or more places, and the only time he has open for the next three years is a lone two weeks. Not being equipped with more than one body or tongue, it can hardly be expected that he will fill all the wants.

CAUSES SICKNESS

Good Health Impossible with a Disordered Stomach.

There is nothing that will create sickness or cause more trouble than a disordered stomach, and many people daily contract serious maladies simply through disregard to abuse of the stomach.

We urge every one suffering from any stomach derangement, indigestion or dyspepsia, whether acute or chronic, to try Rexall Dyspepsia Tablets, with the distinct understanding that we will refund their money without question or formality, after reasonable use of this medcine if they are not satisfied with the results. We recommend them to our customers every day, and have yet to hear of any one who has not been benefitted by them. Three sizes, 25c, 50c and $1.00 a box. Sold in Charleroi only at our store—The Rexall Store. John W. Carroll.

STOMACH MISERY

Get Rid of That Stomach Misery, Sourness and Indigestion.

When your stomach is out of order or run down, your food doesn't digest. It ferments in your stomach and forms gas which causes sourness, heartburn, foul breath, pain at pit of stomach and many other miserable symptoms.

Miona stomach tablets will give joyful relief in five minutes; if taken regularly for two weeks they will turn your flabby, sour, tired out stomach into a sweet, energetic, perfect working one.

You can't be very strong and vigorous if your food only half digests. Your appetite will go and nausea, dizziness, billiousness, nervousness, sick headache and constipation will follow.

Miona stomach tablets are small and easy to swallow and are guaranteed to banish indigestion and any or all of the above symptoms or money back.

Fifty cents a large box. Sold by druggists everywhere and by Piper Bros. For constipation there is no remedy so satisfying as Booth's Pills—25 cents.

NOT ENOUGH APPLICANTS

Census Supervisor Charles O. Frye Issues Call for More

NARRATIVE EXAMINATIONS

A call for more applicants for places as census enumerators has been issued by Supervisor of Census, Chas. O. Frye. He urges all persons in his district desiring to serve to obtain their application forms at once and to file them with him before January 25 when he must stop considering new applications in order to prepare for the "test" of the previous applicants on February 5. After this he will examine and rate the papers until about February 22, when he will forward his list of designations as enumerators, with their "test" papers to Census Director Durand, who will carefully go over and rerate the papers of the successful candidates before giving his consent to the issue of commissions to them by the supervisor. By the middle or latter part of March the enumerators will have been commissioned and in receipt of detailed instructions concerning their work.

To quiet any qualms relative to the "test" of the qualifications of applicants, to be made February 5, the supervisor has obtained some information from the Census Director concerning the "test" of Twelfth Census enumerators. It has been officially stated that the 1901 "test" will be very similar to the one in the preceding census and will consist in requiring applicants to fill sample schedules from printed narratives concerning census facts. As the rural enumerators are to carry both the population and agricultural schedules, they will be "tested" with samples of both, but the city enumerators, who carry the population schedule alone, will only be required to prove their ability by filling a sample of that schedule. The "test" population schedule narrative in 1900 was, in part, as follows:

"The enumerator of the forty-fifth enumeration ditrict of the ninth supervisor's district of the State of Pennsylvania, in the village of Port Royal, Londonberry township, Schuykill county, begins his enumeration June 1, 1900, at No. 201 Burton street.

"This house is occupied by a single family, consisting of Patrick O'Leary, his wife, Margaret, and his son, James.

"Patrick came to this country from Ireland, where he was born of Irish parents in May of 1847, and came to America when he was just 22 years old. Three-years after his arrival he was married to an Irish girl who had come over from his native village a year before. As soon as possible he became naturalized. He can read and write and speak English, and owns a good house, free of incumbrance, which he has bought from his earnings as a teamster, in which occupation he has had steady work during the past year.

"Margaret, his wife, is also of Irish parentage and was born in January and is nearly four years younger than her husband. She has had two children, only one of whom is living. She can read and speak English, but has to make her 'mark' for her signature.

"James was born in Harrisburg, February, 1875. He was has a good common school education, works at any sort of day labor, and secured nine months' steady work during the past year. He is not married.

"In the next house, 203 Burton street, the enumerator found an English woman by the name of Mrs. Jane Parker, a widow, occupying a rented house with her single daughter, Virginia, and her married daughter, Nellie E. and the husband of the latter, Albert Johnson.

"Mrs. Parker came to this country 3 years ago, has a good education, is a dressmaker by trade and has constant employment. She was 50 years old last April, and is of Scottish birth on her mother's side. She has had four children, three of whom are living and one of whom has died.

"Virginia is of English parentage, has been through the local schools and has been a saleswoman for eight months of the past year; she was born in Philadelphia in March, 1877.

"Nellie E. was 28 years old last January, and has but recently married. She was born in Baltimore, reads, writes and speaks English.

"Albert Johnson, the husband of Nellie, was born in New York City of Welsh parents, November, 1865. He is in the grocery business and keeps his own books and accounts."

It seems comparatively simple according to the supervisor to draw out of the above statement the required details for the population schedule and to enter them under the proper column divisions relating to location, name, relationship, personal description, nativity, citizenship, occupation, education, etc.

About all such a "test" can do is to evidence the legibility of an applicant's handwriting and his ability to determine where to write in the sample schedule the facts clearly stated in the narrative.

The agricultural schedule narrative for 1909 was very similar, except that the facts stated relate to farms and farming operations. Before the "test" February 5, the supervisor will send each applicant a list of instructions concerning filling in the "test" schedules, which will still further simpify the subject and insure the passing of the test by those who possess only an ordinary common school education and practical common sense.

GRYING FOR HELP

Lots of it in Charleroi but Gradually Growing Less.

The kidney cry for help.

Not an organ in the whole body so delicately constructed.

Not one so important to health.

The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the first indications of kidney trouble.

It is the kidneys' cry for help. Heed it.

Doan's Kidney Pills are what is wanted.

Are just what over-worked kidneys need.

They strengthen and invigorate the kidneys; help them to do their work; never fail to cure any case of kidney disease.

Read the proof from a Charleroi citizen.

Mrs. William Urben, Sr., 736 Fallowfield avenue, Charleroi, Pa., says: "Some years ago I used Doan's Kidney Pills, procured at Piper Bros.' Drug Store and they cured me of an attack of kidney disease. I value this remedy highly and do not hesitate to recommend it to other persons suffering from kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

CAUSES DEBILITY

Here are Plans Backed up for a Strong Guarantee.

Catarrh causes debility. In our opinin, most people suffering from general debility have catarrh. Such cases of debility cannot be completely cured by medicine not designed to eradicate catarrh. In every case where our remedy fails to give entire satisfaction we will not charge a cent for the medicine employed during the trial. Now surely no one should hesitate to believe us or to put our claim to a practical test under such conditions. We will take all the risk; no one else can lose anything by the transaction.

We make these statements and this offer because we know and have time and again proved that Rexall Mucu-Tone rarely fails to do as we claim. It is not a cure-all prescribed to cure every disease that flesh is heir to. It is intended for one purpose, i. e., to cure catarrh by assailing the diseased condition in a reasonable scientific way, which is to employ agents that have been found to have the tonic and alterative power to correct faulty metabolism (tissue change) and to stimulate and help nature overcome the cause or causes of catarrh. This being done, appetite increases, nutrition improves, weight is gained, comfort of body is attained and life's work taken up with the zest natural to the perfectly healthy individual.

We want you to try Rexall Mucu-Tone. Follow directions and take it regularly and consistently for a reasonable legth of time. Then, if you are not satisfied, come back and tell us and the money you paid for the treatment will be returned with out any argument whatever.

Rexall Mucu-Tone comes in two sizes, 50c and $1.00 a bottle. Sold only at our store—The Rexall Store. John W. Carroll.

WHY SALVES FAIL TO CURE ECZEMA

They Clog the Pores—Only a Liquid Can Reach the Inner Skin.

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and can not penetrate to the inner skin below the epidermis where the eczema germs are lodged.

This—the quality of penetrating—probably explains the tremendous success of the only standard liquid eczema cure, oil of wintergreen as compounded in D. D. D. Prescription. After ten years of cure after cure, the world's leading skin specialists have accepted this as the true eczema cure.

We ourselves do not hesitate to recommend D. D. D. Prescription at $1.00 a bottle, but for the benefit of those who have never tried the prescription, we have arranged with the D. D. D. Laboratories of Chicago for a special large trial bottle at 25 cents on a special offer now. This first bottle ought to convince every sufferer, and, at any rate, it will surely take away the itch at once.

.....
Burgess.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.
Sold by Druggists, 75c.

MONTE CARLO GIRLS HERE NEXT MONDAY

The real burlesque show, the real laughing show, and the real beauty chorus, namely the "Monte Carlo Girls," is coming to the Coyle Theatre on Monday, January 24. It is said to be better than ever, carrying a company of 25 people, mostly pretty girls, new costumes, the latest song hits, new, bright and gingery dancing numbers, and two new burlettas enttiled "The Merry Madcaps" and "Too Many Husbands." Lew Golden, that famous funny fellow in his Hebrew character part, has again been engaged and the boys are sure of a good run for their money. Many high class vaudeville acts will be shown during the action of the piece, among them one by the old favorite LeBelle Myrtle, who will present one of her sensational dances.

COURT DISMISSES EXCEPTIONS

Juuge J. F. Taylor, yesterday afternoon handed down an opinion which provides for the incorporation of the borough of Marianna. The exceptions on file to the proposed movement are dismissed by the court.

Objections were filed against the incorporation of this borough on the grounds that the Pittsburg-Buffalo Coal company owned most of the property within the proposed borough. In dismissing these objections Judge Taylor said there was no evidence to show that the coal company would control the government of the proposed borough to the detriment of public policy, and that the presumption was still in favor of the independence and manhood of the inhabitants. The commissioners, he said, had the power to raise or lower the assessments, while the township would be relieved of maintaining the schools and roads.

A FROG IN THE POT.

Vexing Days of the Early Tea Tax In New England.

Tea was not brought over by the first settlers. When the pilgrims landed at Plymouth tea was selling in England at from $10 to $50 per pound. It was a luxury that had been known to Englishmen only a few years.

Early settlers got along without India or China tea for a long time. They used roots, herbs and leaves found in the fields and woods as a substitute for tea. Sassafras tea was a common drink.

Tea was advertised for sale in Boston in 1762 for the first time, according to historians. In 1706 patriots began to take the pledge not to drink tea because of the tax that the English government placed on it. It became fashionable for patriotic ladies not to serve India tea, but as substitutes therefor "Labrador tea" and "Liberty tea."

Captain Page of Danvers forbade his spouse to taste tea beneath his roof as long as the tax remained upon it, but the strong minded and ingenious lady ascended to the flat roof of the house, invited her friends to follow, and there she served tea to them.

Some other ladies of the town fared less fortunately. They used to borrow for their tea parties the big teapot of the once famous Bell tavern. One day, after drinking the forbidden beverage, the master of the house unexpectedly walked in, jumped to the fire, grabbed the teapot and turned it over, and out rolled a big frog. The jovial patriots at the Bell tavern suspecting the use of the pot had placed the frog in it. Some of the dames never drank tea afterward, for it made them sick.

Isaac Wilson of Peabody persisted in selling tea, so the Sons of Liberty seized him and compelled him to walk about town penitently repeating:

I, Isaac Wilson, a Tory be;
I, Isaac Wilson, I sell tea.

The celebrated Boston tea party was followed by tea parties in other New England towns. In Salem, soon after the Boston party, David Mason was suspected of having had his negro servant smuggle two chests of tea into his home. Patriots entered and searched his house. They found the tea. They gave it to boys, who paraded with it to Salem common and there burned it.

Even after the Revolution trade in tea was not wholly unrestricted. It appears that in some New England places dealers in tea were required to take out a license.—Boston Globe.

THE WORD "BANZAI."

It Has Been Used In Japan From the Earliest Ages.

It is not infrequent to find men speculating as to the origin of the now familiar "banzai," and we believe that a general impression classes this excellent ejaculation among the inventions of modern Japan. Quite recently indeed we heard a learned Japanese declare that the late Professor Toyama was the originator of the word as the Japanese equivalent of "hurrah." But the truth is that "banzai" belongs to a very much remoter date. History shows that it was used certainly as long ago as the year 486 A. D., and probably it was not an innovation even then. In the "Chronicles of Japan," a work published in the year 820 A. D., it is related that in the spring of 485 A. D. the Emperor Woke, remembered by posterity as "Kenzo, Tenno," repaired to the park of the summer hall and there held revel by "the winding streams." His guests were a concourse of ministers and of high officials known at that epoch under the titles of Omi, Muraji and Miyakko. When the feast was at its height the guests, we read, "raised repeated cries of banzai." It may fairly be assumed that this formula of gratulation did not originate then, but at any rate its undoubted use in Japan more than fourteen centuries ago deprives any Meiji savant of the credit of having invented it.—Japan Mail

Theodore J. Allen of Fredericktown and son Donald, who is a student at Bethany college, were in Charleroi yesterday visiting friends.

Stop Women And Consider

This Fact—that in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers twenty-five years.

The present Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, was for years under her direction, and has ever since her decease continued to advise women.

Many women suffer in silence and drift along from bad to worse, knowing well that they ought to have immediate assistance, but a natural modesty causes them to shrink from exposing themselves to the questions and probable examinations of even their family physician. Such questioning and examination is unnecessary. Without cost you can consult a woman whose knowledge from actual experience is great.

MRS. PINKHAM'S STANDING INVITATION:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women. A woman can freely talk of her private illness to a woman; thus has been established this confidence between Mrs. Pinkham and the women of America which has never been broken. Never has she published a testimonial or used a letter without the written consent of the writer, and never has the company allowed these confidential letters to get out of their possession, as the hundreds of thousands of them in their files will attest.

Out of the vast volume of experience which Mrs. Pinkham has to draw from, it is more than possible that she has gained the very knowledge needed in your case. She asks nothing in return except your good will, and her advice has helped thousands. Surely any woman, rich or poor, should be glad to take advantage of this generous offer of assistance. Address Mrs. Pinkham, care of Lydia E. Pinkham Medicine Co., Lynn, Mass.

MORE BANK TALK

Did it ever occur to you why all good business men keep a checking account with a bank? We'll tell you. It enables them to keep their funds in a more secure place than the office safe. It gives them a better standing in the business world. It enables them to pay their bills by check, the returned check being an undisputable receipt.

Individuals find a checking account very convenient and a source of saving. Money in one's pocket is often spent on the spur of the moment, while one is disposed to think twice before drawing on his balance in the bank. Get the Savings Habit. Lay up for a rainy day. Start a bank account with the

Every Friday Evening throughout the Season, Bank Hall, Charleroi. Auspices Friday Night Club. Music by Jenkins' Orchestra.

Beallsville

Caleb Clutter of Madrid, Neb., was a guest last week of his sister, Mrs. M. B. Walton, of this place. Mr. Clutter was born and brought up in Washington county and had not visited the scenes of his boyhood for several years. After spending a few days here he went to Washington to visit relatives and friends a few days before returning home.

George Savage, a prosperous mine owner of Oklahoma, is north on a visit and is spending some time in this community.

On Saturday the descendants of Mrs. Mary Piper gathered at her home near Beallsville to hold the annual family reunion.

John Miller of Kansas City, Neb., is spending a few weeks in the county, after an absence of 32 years. Mrs. S. C. Cole of Beallsville is a sister.

Mrs. James V. McDonough very pleasantly entertained friends at a dinner at her home in Main street recently.

Mr. and Mrs. William McJunkin, and daughtres, the Misses Helen and Viola, and Mrs. Mary Horner of Beatrice, Neb., have been spending a few days at the home of Mr. and Mrs. William B. Lash of this place.

Mrs. Horner is a sister of Mr. Lash and this is her first visit to Pennsylvania, after an absence of 29 years. She notes wonderful changes in this section and especially in the Pigeon Creek valley. Mr. and Mrs. McJunkin and children and Mrs. Horner will remain in the county until spring.

Mrs. H. E. Dawson and son Keith have returned home from Charleroi, where they spent the past few months at the home of Mrs. Dawson's parents, Mr. and Mrs. C. R. Trew.

Mr. and Mrs Otto Keys entertained friends at their home the other evening.

Revival services are still in progress at the Presbyterian church. The services last week were in charge of the Rev. C. L. McKee of Washington. The Rev. Mr. Zahnizer of Pittsburg, is conducting the meetings this week.

A Wonderful Discovery which Practically Eliminates the Dangers of Catarrh or Diseases which Originate with Catarrh.

(From the Paterson, N. J. Guardian.)

Ninety-four per cent of all the diseases with which the human system is afflicted, originate or turn into catarrh; assuring himself of this fact, Dr. Barker gave the matter of catarrh his entire time and study and after several years of the most thorough research for a remedy which would positively cure catarrh in any form he prepared a prescription which he used in his private practice without a single failure of any case of catarrh he treated. After a considerable amount of persuassion he consented to put the prescription up in convenient form, so that sufferers from this terrible disease could purchase the treatment at a nominal cost. The prescription will be found in most any drug store in the United States under the label Bloodine. In a recent introductory sale in the city of New York more than 20,000 bottles were sold in a single week.

I am so confident that Bloodine will cure anyone afflictied with catarrh that I will gladly supply to any patient a positive guarantee to cure or money will be as cheerfully refunded as it is taken. If your druggist does not keep Bloodine you can be supplied by The Bloodine Laboratories, Boston, Mass., at 50c a bottle or six bottles for $2.50 Weltner's Pharmacy, special agent, Charleroi, Pa.
